

FAA Safety Team Topic of the Month Safety Seminar

In this presentation, We will discuss maneuvering flight.

It's still the phase of flight where most fatal GA accidents occur – more than 25% of all fatal accidents – and half or those accidents involve a Stall/Spin Scenario. We'll describe common Maneuvering Flight tasks. We'll discuss common maneuvering flight accident scenarios.

Finally, we'll offer some tips for successful maneuvering flight task accomplishment.

Directions: Take NYS Thruwy to exit 46, proceed to I-390N to exit 17, turn right, proceed to 1205 Scottsville Road.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
