Rochester FAASTeam presents:

Oswego County Hosts FAA Drone Safety Day at County Airport

"Fly RIGHT – it's the safe way to fly" is the message for this event, the first held in Oswego County. The annual campaign by the FAA is designed to help the drone community understand the importance of flying safely.
The event will include flight demonstrations and simulations as well as live-streaming demonstrations. The Oswego County E-911 Communications Center will also have its new communications trailer on display.
Educational information will be available for recreational UAS pilots to help them understand the rules and regulations to become a recreational UAS pilot.

Directions: This event takes place at the Oswego County Airport, 40 Airport Drive, Fulton, NY 13069
