

## Staying Safe In Multi-Engine Flight Training

Safety in multi-engine flight operations - training, testing, or traveling - requires a higher level of proficiency, knowledge, and skill. This webinar will focus on "asymmetric thrust" situations (engine failures): understanding and optimizing the FAA-required [Vmc demonstration](#).

**Sunday, December 15th @ 8 pm EST**

**Register online [here](#)!**

### **A message from the National FAASTeam Manager**
