

Western NY Pilot/Controller Forum

After a flight in controlled airspace, have you ever thought: why did the controller say that? Or, what did that mean? At this pilot controller forum you will have an opportunity to learn about the structure of air traffic control and directly ask the controllers specific questions. We will begin the day with a brief presentation from Cleveland Center, with the main focus on the question and answer session afterwards.

Dunkirk Airport 3389 Middle Road, then follow the signs to the event hangar. Also Centric Aviation is the FBO at the airport and can provide directions to the event.

Fly in and park on the main ramp, or drive in and park in the FBO Centric Aviation lot.
