

Upstate NY Seaplane Safety

Water flying season is here! Polish off your rusty knowledge areas at this safety seminar to open the season! We'll do a refresher on best safety practices, how to be a good (or how not to be a bad) neighbor, review open and closed waterways in NYS, and do a short discussion of mountain flying for those heading to the Adirondacks. We will have a round table discussion of the best practices to use in this region and surroundings.

Winery is at coordinates 42-39-48N 076-42-05W on the west shore of Cayuga Lake. Seaplanes can beach to the north of the winery's dock.

By car, take County Highway 139 east from Route 89 in Ovid, NY to the shoreline.

We will be meeting in the Vintage Room conference room.

A message from the National FAASTeam Manager
