

Safety Town Hall Meeting at HELI-EXPO 2013

The HAI Safety Committee welcomes a special speaker to this year's Town Hall: Chuck Aaron, the first — and only — civilian pilot ever to be licensed to perform helicopter aerobatics in the United States. Chuck will be presenting a video of his breathtaking maneuvers in the Red Bull helicopter and discuss his unique career. After a brief Q&A, Chuck will lead us into the annual Town Hall discussion of current industry safety issues and resources. What safety resources are you looking for? Where should the industry focus its safety efforts? We are listening! Come join the discussion on what HAI can do to help you make your organization safer.

Directions: North Hall, Room N119.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
