

The FAA Safety Team presents:

# Accident Causation and Prevention Course at HELI-EXPO 2014

The expectation for this course is for the attendees to become familiar with Accident Causation. In order for an organization to design, develop, and implement an effective accident prevention program, you must first understand what it is that causes accidents. The model used in this course is called Accident Causation because it describes an organizational model for accident causation and addresses the features of the organization and conditions that may result in an accident.

This course is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2014. Safety Challenge courseare FREE to all HELI-EXPO 2014 registered attendees.

Attend at least six Rotor Safety Challenge sessions at HELI-EXPO 2014 and receive a certificate of recognition for completing the 2014 HAI Rotor Safety Challenge.
