

## Safety Committee Town Hall at HELI-EXPO 2014

David M. Eherts, Ph.D., chief safety officer for Sikorsky, will open this year's town hall by speaking on ROHSEI (return on health safety environment investment) and how effective safety habits become effective safety traits. In the second half, we will be looking for input from you: What safety resources are you looking for? Where should the industry focus its safety efforts? The HAI Safety Committee is listening! Come join the discussion on what HAI can do to help you make your organization safer.

**Directions:** Classroom 204B.
