# **Flight Instructor Refresher Course at HELI-EXPO 2014**

This helicopter-only, two-day course covers the latest updates in regulations and helicopter flight-instruction techniques. The course consists of 16 hours of instruction, with an exam at the conclusion of each day. The curriculum and course content have been designated by the Federal Aviation Administration (FAA) as meeting the requirements of AC 61-83G, Nationally Scheduled FAA-Approved Industry-Conducted Flight Instructor Refresher Course.

### Who Should Attend

Flight instructors who wish to renew their instructor certificates under 14 CFR Part 61, and flight instructors who wish to maintain their qualifications as chief instructors or assistant chief instructors for pilot schools certificated under 14 CFR Part 141. In addition, pilots preparing for their initial rotorcraft flight instructor certificate will find this course helpful, as well as instructors preparing for an additional CFI rating.

At the conclusion of the course, HAI will issue a graduation certificate to each successful attendee. This certificate may be used as a basis for renewal of the flight instructor certificate, provided such application is made before an

## Event Details

**Sun, Feb 23, 2014 - 8:00 am**  
**Anaheim Convention Center**  
800 W. Katella Avenue  
Anaheim, CA 92802

**Contact: HAI**

Lead Representative Jose Orozco

attendee's current instructor certificate expires and within a period of three calendar months from the date of course completion. HAI will have an airman certificate representative on-site to process certificate renewals, using the Integrated Airman Certification and/or Rating Application. In addition, the graduation certificate is valid for the one-hour ground school required for the flight review (but not the flight). It is not valid for reinstatement of a flight instructor certificate. FAA WINGS program credit is also given to successful attendees.

**Directions:** Classroom 204A, Level 2.

**A message from the National FAASafety Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
