

Dutchess County Airport Open House

Loss of Control on Landing is a top factor in General Aviation accidents. Join our Seminar to learn some tips to avoid losing control of your aircraft. Good pilots have unintentional crashes. Most accidents come from an unexpected malfunction of the pilot, not the aircraft. Let's look at, and talk about, landings. Maybe there is something that we can do to keep this from happening to us! Click on the link below and register TODAY.

Directions: Inside Main Terminal

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
