

The FAA Safety Team presents:

# Hope Is Not a Strategy Session at HAI HELI-EXPO 2015

An examination of how humans (pilots) make decisions and the process by which we evaluate our decisions to determine the “goodness” of the decision. We will discuss: brain function and cognition; how the “frame” in which we receive information impacts our use of the information; rational versus irrational decision-making processes (emotional brain versus rational brain); and problem analysis versus decision making. This session is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2015. Rotor Safety Challenge course are FREE to all HELI-EXPO 2015 attendees and exhibitors. Attend at least six Rotor Safety Challenge sessions and receive a certificate of recognition. Take the Safety Challenge in three simple steps: 1. Select safety sessions to attend from the HAI Rotor Safety Challenge Schedule - <http://www.rotor.org/takethechallenge>. 2. At the conclusion of each session, receive a token from the room monitor or presenter. 3. Once you have earned at least six chips, take them to the HAI Safety Committee Booth (#1115) to receive a certificate of recognition. Note: You must present your HELI-EXPO attendee badge to attend any Rotor Safety Challenge sessions. For more information contact HAI at 703-683-4646, or [education@rotor.org](mailto:education@rotor.org).
