

The FAA Safety Team presents:

Safety Data Analysis: Make It Actionable at HAI HELI-EXPO 2015

This session will cover the basics of data analysis and provide numerous examples of how to analyze safety reporting data and most importantly how to interpret and utilize results. Research methods, data interpretation, and implementation of a data analysis program will also be discussed.

This session is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2015. Rotor Safety Challenge sessions are FREE to all HELI-EXPO 2015 attendees and exhibitors.

Attend at least six Rotor Safety Challenge sessions and receive a certificate of recognition.

Take the Safety Challenge in three simple steps:

1. Select safety sessions to attend from the HAI Rotor Safety Challenge Schedule - <http://www.rotor.com/takethechallenge>.
2. At the conclusion of each session, receive a token from the room monitor or presenter.
3. Once you have earned at least six chips, take them to the HAI Safety Committee Booth (#1115) to receive a certificate of recognition.
