

Morristown, NJ Airport Safety Conference

Each and everyday we see accidents occur in aviation that we all know could have been avoided. What did that pilot do to waste safety margins that we have built in through preflight planning, training or proficiency. What is at the core of errors in Aeronautical Decision making(ADM)?

Directions:

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
