

The FAA Safety Team presents:

**We Are Not Finding New Ways to Crash Helicopters at HAI HELI-
EXPO 2015**

With each aircraft accident, we look for root causes so as to prevent it from happening again. The fact remains that we are not finding new ways to crash helicopters, even with the most advanced technology. There does not seem to be a common predictor as to why accidents occur. This course will introduce human factors and latent conditions that must be addressed as a safety defense to preventing the next accident.

This session is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2015. Rotor Safety Challenge sessions are FREE to all HELI-EXPO 2015 attendees and exhibitors.

Attend at least six Rotor Safety Challenge sessions and receive a certificate of recognition.

Take the Safety Challenge in three simple steps:

1. Select safety sessions to attend from the HAI Rotor Safety Challenge Schedule - <http://www.rotor.com/takethechallenge>.
2. At the conclusion of each session, receive a token from the room monitor or presenter.
3. Once you have earned at least six chips, take
