

FAAS Team presents:

HAI Heli-Days(October 10-11,2015)

HAI HELI-DAYS are new regional member-outreach events. During this event, HAI will deliver safety presentations, to include Land & LIVE.

There's a safety tool in every helicopter pilot's toolbox capable of breaking almost every accident chain. But too often, this tool remains tucked away, hidden in the dark recesses of the bottom corner of the toolbox. It's the Precautionary Landing. Land & LIVE. Is your flight not going well? Do you have a warning light? Are you or your passengers not feeling well? Is the weather turning? Are you low on fuel? As pilot in command, only you can decide if you should continue the flight or take advantage your helicopter's unique ability to land almost anywhere, and make a precautionary landing. Click on the link below and register TODAY.

Directions: Hampton Roads Executive Airport

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
