

The FAA Safety Team presents:

**HAA Flight Risk Analysis/OCC Challenges and Best Practices  
Session at HAI HELI-EXPO 2016**

Getting to patients in a timely manner can be critical to their survival, but getting there safely can have its challenges. To make that job safer for both the patient and crew, the FAA requires all helicopter air ambulance (HAA) pilots complete a flight risk analysis prior to takeoff. In April 2016, that requirement will expand to include a second set of eyes reviewing and acknowledging the flight risk analysis prior to takeoff. How to get this accomplished and still get to that patient is a concern for operators. Join us to learn what some operational control centers (OCCs) are doing to ensure both the patient and crew arrive safely. This course is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2016. These sessions are FREE to all HELI-EXPO 2016 registered attendees and exhibitors. Attend at least six Rotor Safety Challenge sessions at HELI-EXPO 2016 and receive a certificate of recognition for completing the 2016 HAI Rotor Safety Challenge.

Take the Safety Challenge in three simple steps:

Select safety sessions to attend from the HAI Rotor Safety Challenge Schedule. To see the full Safety Challenge schedule, visit <http://www.rotor.com/takethechallenge>.

## Event Details

**Wed, Mar 2, 2016 - 13:00 EST**

**Kentucky Exposition Center**

937 Phillips Ln

South Wing C

Louisville, KY 40209

**Contact: Anne Nevel**

**(703) 683-4646**

[education@rotor.org](mailto:education@rotor.org)

Select #: EA2564946

Representative Anne Nevel

At the conclusion of each session, receive an official token from the room monitor or presenter.

Once you have earned at least six tokens, drop by the HAI Safety Committee Booth on the show floor, turn in your chips to a committee member, and immediately receive a certificate of recognition.

For more information and questions contact HAI at 703-683-4646, [education@rotor.com](mailto:education@rotor.com), or visit: <http://www.rotor.com/takethechallenge>.

**Directions:** South Wing C

**A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
