

CFI Professional Development Seminar

This winter, the Teterboro FAASTeam will host a 2 hour professional development seminar for all Instructors to discuss new and recurring issues in Flight and Ground Training.

We will be presenting best practices, tips and techniques on communicating with your student, ways to enhance the transference, retention and use of knowledge, and the instructor's role as a model/mentor. Various ground and flight scenarios will be presented to illustrate these ideas. Don't miss this informative discussion. Click on the link below and register TODAY.

Directions: The meeting will be held in the Conference Room of the Port Authority Building. Enter through the double front doors, down the hall and make your first left. The conference room is on your right.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
