

The FAA Safety Team presents:

**Seeing is Believing Helicopter Advanced Vision Systems at HAI  
HELI-EXPO 2016**

Recent technological developments in advanced vision systems, including enhanced/synthetic/enhanced flight/combined vision systems (EVS/SVS/EFVS/CVS), allow for low-visibility operational concepts in helicopter flight operations. Helicopter point-in-space (PInS) instrument procedure approach minimums have reached their limits with the current suite of visual aids available to pilots (displays, lighting, and markings). Lower minimums can be achieved using GPS wide-area augmentation system (WAAS), but lower visibility minima can only be achieved with improved visual cues.

This course is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2016. These sessions are FREE to all HELI-EXPO 2016 registered attendees and exhibitors.

Attend at least six Rotor Safety Challenge sessions at HELI-EXPO 2016 and receive a certificate of recognition for completing the 2016 HAI Rotor Safety Challenge.

Take the Safety Challenge in three simple steps:

1. Select safety sessions to attend from the HAI Rotor Safety Challenge Schedule. To see the full Safety Challenge schedule, visit <http://www.rotor.com/takethechallenge>.
2. At the conclusion of each session, receive an official token from the room monitor or presenter.

## Event Details

**Wed, Mar 2, 2016 - 11:45 EST**

**Kentucky Exposition Center**

937 Phillips Ln

South Wing C

Louisville, KY 40209

**Contact: HAI**  
**703-683-4646**

[education@rotor.org](mailto:education@rotor.org)

Select #: EA2566681

Representative Anne Nevel

3. Once you have earned at least six tokens, drop by the HAI Safety Committee Booth on the show floor, turn in your chips to a committee member, and immediately receive a certificate of recognition.

For more information and questions contact HAI at 703-683-4646, [education@rotor.com](mailto:education@rotor.com), or visit: <http://www.rotor.com/takethechallenge>.

**Directions:** South Wing C

**A message from the National FAASafety Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
