

The FAA Safety Team presents:

Aviation Human Factors - Protecting Us from Ourselves

It has been said that there are no new accidents. So why do we continue to make the same mistakes? This session will use case studies and video to answer that question. In the process, participants will be introduced to human factors and error management theory.

This course is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2017. These sessions are FREE to all HELI-EXPO 2017 registered attendees and exhibitors.

Attend at least six Rotor Safety Challenge sessions at HELI-EXPO 2017 and receive a certificate of recognition for completing the 2017 HAI Rotor Safety Challenge.

Take the Safety Challenge in three simple steps:
1. Select safety sessions to attend from the HAI Rotor Safety Challenge Schedule. To see the full Safety Challenge schedule, visit <http://www.rotor.com/takethechallenge>.

2. At the conclusion of each session, receive an official token from the room monitor or presenter.
3. Once you have earned at least six tokens, drop by the HAI Safety Committee Booth on the show floor, turn in your chips to a committee member, and immediately receive a certificate of recognition.

For more information and questions contact HAI at 703-683-4646, education@rotor.com, or visit:
