

MACA Seminar: McGuire AFB Restricted-Airspace Procedures

Date: Wednesday, July 16, 2025, **Location:** Signature Flight Support, Morristown Municipal Airport (MMU) **Audience:** Student Pilots & Certified Flight Instructors

Why Attend?

Navigating military operating areas and restricted airspace can be daunting—especially when TCAS & ADS-B aren't in play. Join us to:

- Gain firsthand insight into McGuire AFB's approach & frequency procedures
- Meet McGuire AFB ATC personnel and hear real-world case studies
- Learn the best practices for communication, coordination, and traffic-avoidance
- Build confidence operating in or near restricted airspace

Seminar Agenda

1. **Welcome & Introduction**
2. **Overview of McGuire AFB Restricted Areas**
3. **Radio-Telephone Procedures**
 - Proper phrasing
 - Frequency changes
 - Common gotchas
4. **ATC Panel Discussion**
 - Q&A with controllers
 - Actual incident debriefs
5. **Scenario-Based Exercise**
 - VFR/IFR approaches
 - Lost-comm drills
6. **Closing Remarks & Networking**

FAA
Aviation Safety

Key Takeaways

- How to plan your flight to avoid “pop-up” violations
- Clear, concise phraseology to maintain separation
- Strategies for regaining comms in case of failure
- Understanding when and how to request military VFR corridors

RSVP & Additional Info

Please RSVP by July 9 to secure your spot. Contact the Teterboro FSDO Office: 
wayne.vansteenburgh@faa.gov  201-368-6611

Looking forward to helping you master McGuire’s airspace
