

Its Always the Little Things

This seminar is a closed event open only to members of New Jersey Ninety-Nines. For further information, please contact Don Argintar at 201-897-2344.

We'll dive into issues common to Private, Instrument and Commercial students and pilots. From start-up to climb-out, ATC miscommunication and misinterpretation of instructions, not knowing how to get to the runway, what taxiway and runway markings mean, how to hold your controls when taxiing and during the take-off roll, what true airspeed is, aerodynamics in the air, ground speed, fuel burn, and filing flight plans. You are not going to want to miss this discussion!

Conference room, 1st floor

A message from the National FAASTeam Manager
