Teterboro, NJ presents:

EAA Chapter 501 Monthly IMC/VMC Club - Hybrid Event

Designed for both IFR and VFR Pilots interested in becoming Instrument rated. Based on in-flight experiences of IFR and VFR Pilots in varying weather conditions, from hard IFR to MVFR.

The content includes numerous IMC/VMC flight experiences collected by the Experimental Aircraft Association. This month our 1st scenario will discuss landing at a non-towered airport with heavy traffic and proximity to Class Bravo airspace with part 121 traffic close to the non-towered airport traffic pattern. The 2nd scenario involves planning for a ILS and being assigned a GPS approach at the last minute.

The event is hosted by Aero Flight School@ N07, located at 425 Beaverbrook road, Lincoln Park, NJ, 07035. The facility is at the North end of the field, across the parking lot from the Sunset Pub & Grill. The meeting will convene at 7:00 PM (EST) in the large conference room and online. This remains a hybrid event, Zoom/Seminar meeting. Those attending the Seminar can sign in at the meeting or register online through Zoom.
