

The FAA Safety Team, Manassas Tower, Office of Runway Safety presents:

PILOT DEVIATION PREVENTION SERIES; COMMUNICATIONS - SESSION 2 OF 2

SESSION 2 OF 2. Tower and ground communications are essential for safe aviation operations. Attend this exclusive briefing and refresh your communication skills to prevent pilot deviations in the air and on the ground! We'll focus on ground safety, land and hold short & line up and wait operations. Also consider attending the 1st Session on Airspace at 10am.

Directions: I-66W to exit 44, right onto Rt. 28 South. Turn left at light onto Piper Lane. Straight ahead for approximately 1.25 miles. Dulles Aviation is on North Perimeter Rd at Observation Dr. Seminar in large training room at rear of bldg.

A message from the National FAASTeam Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?
