The first major challenge in every pilot's training is the FAA Practical Test. Many pilots fear the practical test; maybe because they are nervous test takers, or perhaps it's the first time that someone other than their CFI is evaluating their performance. Whatever the reason, proper preparation is the key to success! Attend this exclusive briefing presented by local FAA Designated Pilot Examiners on a variety of important topics including the common reasons for practical test failures! Don't miss it!

**Directions:** Directions From I-66: Take Exit 44 - Route 234 South (approach signs to the exit may mention Prince William Parkway). After approximately 8.5 miles, turn right at the Clover Hill Road light. Clover Hill Road will turn into Harry Parrish Blvd. The intersection of Harry Parrish Blvd and Wakeman Dr. will put you at Manassas Regional Airport.

### **A message from the National FAASafety Team Manager**

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
