

Meet Your Examiner IV at KHEF

The first major challenge in every pilot's training is the FAA Practical Test. Many pilots fear the practical test; maybe because they are nervous test takers, or perhaps it's the first time that someone other than their CFI is evaluating their performance. Whatever the reason, proper preparation is the key to success! Attend this exclusive briefing presented by local FAA Designated Pilot Examiners on a variety of important topics including the common reasons for practical test failures! Don't miss it! Click on the link below and register TODAY!

Directions: From I-66 take Exit 44 - Route 234 South (approach signs to the exit may mention Prince William Parkway). After approximately 8.5 miles, turn right at the Clover Hill Road light. Clover Hill Road will turn into Harry Parrish Blvd. Manassas Regional Airport is at the intersection of Harry Parrish Blvd and Wakeman Dr.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
