

FAA Safety Team presents:

# AOPA Presents

Life may have gotten in the way, but the dream of flight can be yours again. Returning to the skies is not as difficult as most rusty pilots think. We're inviting you back in the cockpit and will help you get there. Come and participate in a FREE Rusty Pilots program with fellow lapsed pilots. We will help you understand what's changed in aviation since you've last took the controls and brush up on your aviation knowledge. The Rusty Pilots program is developed by AOPA in partnership with local flight training providers in order to create the best environment for getting you back in the air and a part of the general aviation community.

It is easier than most people think: No FAA checkride or test Medical may not be required As a Bonus, by attending, you get two to three hours of free ground instruction towards your flight review!

## Event Details

**Sat, May 28, 2016 - 09:00 CDT**

**JustFly**

5020 Central Parkway 17-B

Conroe, TX 77303

**Contact: Meghan McCutcheon**  
**(301) 695-2000**

[RustyPilots@aopa.org](mailto:RustyPilots@aopa.org)

Select #: EA2768889

Representative Meghan McCutcheon

**Directions:** We recommend not using GPS once near the airport. Enter the North airport entrance. Once inside the airport, turn left onto North Parkway. Take the first right onto Dorbandt Road. JustFly is located on the left hand side in building 17-B, second hangar from the end on the road. \*Use Caution between hangars as this is also a taxiway. Aircraft have right-of-way. Weekend flyers will need to call us at the gate for the pass code to enter at Dorbandt Road. Come straight forward. Do not turn. We are the second hangar on the left. 17-B, behind Transcanada. There is no pre-registration on the FAA site for this event. Please register for this event is through the AOPA registration link provided below.?

### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
