

FAA Safety Team presents:

AOPA Rusty Pilots presented by Front Range Flight School

Life may have gotten in the way, but the dream of flight can be yours again. Returning to the skies is not as difficult as most rusty pilots think. We're inviting you back in the cockpit and will help you get there. Come and participate in a FREE Rusty Pilots program with fellow lapsed pilots. We will help you understand what's changed in aviation since you've last took the controls and brush up on your aviation knowledge. The Rusty Pilots program is developed by AOPA in partnership with local flight training providers in order to create the best environment for getting you back in the air and a part of the general aviation community.

It is easier than most people think: No FAA checkride or test Medical may not be required. As a Bonus, by attending, you get two to three hours of free ground instruction towards your flight review!

Register for Rusty Pilots now!

Select #: EA2770620

Representative Meghan McCutcheon

Directions: Please register for this event is through the AOPA registration link provided below.

We are just ten minutes east of Denver International Airport and our building with the executive conference center in it is adjacent to the main terminal (FBO) at the Front Range Airport. Join us earlier in the day for additional AOPA Safety Seminars.

There is no pre-registration on the FAA site for this Rusty Pilots event.

A message from the National FAASafety Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
