

FAASTeam presents:

NTSB Helicopter Accident Investigations - Case Studies

This session will present three case studies to illustrate different techniques and processes used during regional helicopter accident investigations by the National Transportation Safety Board (NTSB). Each investigation posed different challenges and required different methods of inquiry to determine the facts and develop the probable cause of the accident. During this interactive presentation, Silliman will tell the story of how each investigation developed and how the different NTSB investigators contributed to the solution. Come and see if you agree!

This course is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2019. These sessions are FREE to all HELI-EXPO 2019 registered attendees and exhibitors.

Attend at least six Rotor Safety Challenge sessions at HELI-EXPO 2019 and receive a certificate of recognition for completing the 2019 HAI Rotor Safety Challenge.

Take the Safety Challenge in three simple steps:

1. Select safety sessions to attend from the HAI Rotor Safety Challenge Schedule. To see the full Safety Challenge schedule, visit <http://www.rotor.com/takethechallenge>.
2. At the conclusion of each session, receive an official token from the room monitor or presenter.

Event Details

Wed, Mar 6, 2019 - 13:30 EST
Georgia World Congress Center
285 Andrew Young International
Blvd NW
Atlanta, GA 30313

Contact: Charles Clunk
(703) 302-1609
education@rotor.org

Select #: EA2787598
Lead Representative Gregory Brown

3. Once you have earned at least six tokens, drop by the HAI Safety Committee Booth on the show floor, turn in your chips to a committee member, and immediately receive a certificate of recognition.

For more information and questions contact HAI at (703) 302-1609, education@rotor.com, or visit: <http://www.rotor.com/takethechallenge>.

Directions: Hall B, Room Number B401
