

# The Vuichard Recovery - A Better Way Out of Vortex Ring State

Through the years, “settling with power” or “vortex ring state” has caused much equipment damage and numerous injuries and deaths. This session will explain in detail a new recovery technique that is much more efficient in terms of altitude loss: the Vuichard Recovery. Developed and tested over years in Switzerland and the United States, the Robinson Helicopter Company has been teaching this new technique for several years.

**Directions:** Room 206AB
