

FAASTeam (Washington FSDO) presents:

# **Why You Should Love the WINGS Pilot Proficiency Program**

You're probably not flying as much as you'd like these days. Now more than ever, it's important to think about pilot proficiency for the time when we are able to fly more regularly again.

Maybe you've heard of the WINGS Pilot Proficiency Program but you're not sure what it's all about or how to get started. This presentation covers the benefits of the WINGS program for all pilots including CFI's. Proficiency training works for making all of us better and safer pilots.

Student pilots can benefit too! CFI's and DPE's are encouraged to have their students/applicants enroll in the WINGS program. Successful completion of the Private Pilot Practical Test also completes the first Basic Phase of WINGS, and starts the brand new pilot down the path of continuing proficiency training to build knowledge and skills.

**Directions:** Please register for the WINGS webinar on May 20, 2020, 7:00 pm EDT at:  
<https://attendee.gotowebinar.com/register/4119055737773351694>

After registering, you will receive a confirmation email containing information about joining the webinar. A password is required to login and attend.
