

FAASTeam presents:

# **Why You Should Love the WINGS Pilot Proficiency Program!**

Maybe you've heard of the WINGS Pilot Proficiency Program but you're not sure what it's all about or how to get started. This presentation covers the benefits of the WINGS program for all pilots including CFIs. Proficiency training works for making all of us better and safer pilots. Student pilots can benefit too, and CFIs/DPEs are encouraged to have their students/applicants enroll in the WINGS program. Successful completion of the Private Pilot Practical Test also completes the first Basic Phase of WINGS, and starts the brand new pilot down the path of continuing proficiency training to build knowledge and skills.

**Directions:** From Hwy 235/Three Notch Rd, turn onto Airport Rd. Terminal Building is on the right.

#### **A message from the National FAASafety Team Manager**

Earn your WINGS to get a chance to win a cash prize. Go to
