

Washington FSDO FAASTeam presents:

IMC - Mastering the Art of Instrument Flying (WEBINAR)

The IMC Club's purpose is to promote instrument flying, proficiency, and safety. The intent is to create a community of pilots willing to share information, provide recognition, foster communications, promote safety, and build proficiency in instrument flying. IMC Club chapters offer monthly meetings in which pilots can network and share knowledge and experiences.

We welcome all levels of pilot experience and ability in these meetings. This is open discussion, "hangar flying" where all questions and responses are welcome. In our Zoom meetings we request you joining the meeting with your first and last name in Zoom. Please respect everyone's right to participate and provide input or ask questions. If you would like to present info at the meeting it must be submitted to the IMC Club Coordinator in advanced to be approved.

Directions: This meeting will be advertised within the EAA Chapter and participants will be directed to sign-up via this SPANS announcement. Webinar will be held using Zoom. Please register for the webinar using the link below.
https://us02web.zoom.us/join/zoom/register/tZEvdUGtrJluGNdHrQVUMpXnxo1nNj_jCdbJ

Once registered, you will receive a confirmation email with log-in and password information.
