

VMC Club Meeting - Mastering the Art of Aviation

EAA/VMC Club, through the EAA's Global Chapter Structure, provides organized "hangar flying" focused on building flying knowledge and skills. The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals provide informative WINGS presentations. Membership in the EAA/VMC Club is encouraged but not required to participate in this meeting.

EAA 186 Chapter House is near the base of the Manassas Tower. Look for the gate in the fence and ring the doorbell if it's not open.
