In this harrowing real pilot story, a routine flight turns fatal as a father and son rely on their familiarity with the region's terrain, despite the intense mountain turbulence and sinking ceiling on one chilly November day following a weekend adventure.

*ASI's Real Pilot Stories allow pilots to share their encounters with dilemmas so others can benefit—while comfortably on the ground—from lessons learned the hard way in flight.*

**No pre-registration necessary – just show up.**

From I-78, take Pittstown Road approximately 5.5 miles. Turn right onto Sky Manor Road and continue 1/2 mile. Turn right into Sky Manor Airport entrance. Continue 1/4 mile to main parking area. Seminar will be held in building J.

This seminar will be presented from 7:00 p.m. until 8:30 p.m. EDT.
