

Good Data Drives Good Decisions

This session seeks to educate participants about the creation of an aviation safety information analysis and sharing program (ASIAS). The goal is to enable attendees to implement a system for data collection, analysis, and visualization, and to identify shortcomings—with corresponding means of improvement—as supported by data analysis and engagement with subject-matter experts.

Room B402 of the Georgia World Congress Center in Atlanta, GA

VERTICON 2026 Foundation Industry Presentations

There is a cost for this event. Attendees must register and pay for VERTICON attendance by visiting the VAI link below:
