FAA Safety Team presents:

EAA Chapter 186 Monthly VMC Club Meeting

The EAA VMC Club provides a "hangar flying" experience organized around visual flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

The scenario(s) we will discuss at this meeting is/are: *VFR Flight Into SNOW*.

Bring your EFB, your experience, and your questions, and be ready to participate.

All are welcome. You do not need to be an EAA member to attend

We will also be discussing how you can earn ***WINGS*** Credit.

From Rt. 28, follow Piper Lane towards the airport. The road changes to Observation Road. Follow to the base of the Air Traffic Control Tower. Look for the gate in the fence and there is a doorbell/buzzer next to it. If the gate is not open, use the buzzer and someone will let you in.
