

The FAA Safety Team presents:

Avionics Installation Problem Areas (2 hr AMT/IA renewal credit)

As the owner of a successful avionics shop in the state, Bill Betts sees a lot of wiring issues come into his hangar. He has taken an opportunity to document some of these issues for education and learning. He'll share his best practices for aircraft wiring. Attend this interesting and informative briefing and receive IA and AMT Awards credit. Q and A session to follow.

Directions: From Asheville: Go east on I-26, take Exit 53, turn right onto Upward Rd, go about 1/2 mile, turn right onto S. Allen Drive, go about 4/10 mile to BRCC sign on left, turn left onto College Dr, go to the second building past the lake (Patton Building). Go to the Auditorium.
