

The FAA Safety Team presents:

# Decoding ADs & Aviation Engine Oil (2 hrs IA Renewal Credit)

Airworthiness Directives (ADs) can be complicated; not only understanding applicability and compliance methods, but also documenting and properly recording ADs! Also, did you know that not all engine oils are created equally! Learn the real truth about reciprocating engine oil in an exciting video presentation from Aeroshell. Don't miss this opportunity to Decode ADs and Aviation Engine Oils! All aviation technicians and pilots are invited to attend.

**Directions:** Aviation Systems Technology Classroom Building.

## A message from the National FAASTeam Manager

The new WINGS–Pilot Proficiency Program is great! Check it out now!  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
