

'Tis The Season

Attend this exclusive event and take a fresh look at your responsibilities regarding the airworthiness of the airplane you are about to fly. Also, longer nights and colder weather bring unique challenges to airmen every November. Knowing how to cope with frost, snow, cold weather, and the higher risks associated with flying at night are important this time of year. Refresh your skills and reduce your risk!
FREE Refreshments!

Directions: From Highway 52, take Exit 112 Akron Drive. Follow signs to airport. Seminar in old Piedmont Airline Terminal. Call 336-813-5566 for help with directions if needed.

A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
