

## Don't Get Twisted and Bent!

Stalls and inadvertent spins are still a leading cause of accidents despite repeated emphasis from flight instructors and the FAA Special Emphasis programs. "Don't Get Twisted and Bent" is specifically designed to take a fresh look at techniques that all airmen can use to avoid fatal loss of control accidents. Maximize your safety potential by attending this informative briefing that could just save your life! FREE Sandwiches and over \$100 in door prizes! Click on the link below and register NOW!

**Directions:** I-85/I-40 Exit 145. Room 120.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
