

## FAASafety Team Flight Instructor Open Forum

Aviation educators are vital and influential; they are the gateway for those entering pleasure, business, and commercial flying. Instructors advance pilots through a regulated system of certificates and ratings, transitioning pilots to different aircraft and technologies, and ensuring that pilots satisfy FAA, insurance, and flight school or company recurrency requirements. Instructors often represent the first and last lines of defense to motivate pilots to continue in aviation. At this Flight Instructor Forum we will discuss Tail Wheel Training Techniques and Teaching Runway Safety. Join your flight instructor colleagues and take an active role in improving safety in flight training!

**Directions:** Wings of Carolina Flying Club Hangar.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
