

The FAA Safety Team presents:

FAASTeam Flight Instructor Open Forum

It's hard to imagine losing control of an airplane in flight, but it happens far too often and almost always with serious or fatal results. At this FAASTeam Flight Instructor Open Forum we will explore some of the factors that can lead to a Loss-Of-Control (LOC) event, and provide some practical steps to help pilots avoid LOC. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Boost your income potential by becoming a more knowledgeable and professional CFI. Click on the link below and register TODAY!

Directions: Enter campus from Weeksville Road North Campus Entrance on to University Drive. The FAASTeam Forum is in Dixon Patterson Hall, Room 228.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
