

FAASTeam Flight Instructor Open Forum

It's hard to imagine losing control of an airplane in flight, but it happens far too often and almost always with serious or fatal results. At this FAASTeam Flight Instructor Open Forum we will explore some of the factors that can lead to a Loss-Of-Control (LOC) event, and provide some practical teaching strategies to help pilots avoid LOC. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Boost your income potential by becoming a more knowledgeable and professional CFI. Click on the link below and register TODAY!

Directions: Kinston Regional Jetport Campus, Classroom Building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
