

The Ups and Downs of Instrument Proficiency and the Flight Review

It's hard to imagine losing control of an airplane in flight, but it happens far too often and with serious or fatal consequences! Explore methods and mitigation strategies to reduce your risk of a loss of control accident. Learn the importance of remaining proficient and how instrument flying skills can quickly perish. Click the link below and register TODAY.

Directions: Seminar will be at the Brunswick Community College Bolivia Campus. Follow FAA seminar signs. The Seminar will be in room 120.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
