

FAASTeam presents:

# FAASTeam Flight Instructor Open Forum

Are you placing enough emphasis on the most common weather-related accident causes? Do you train your students to obtain at least some basic weather information? An alarming number of General Aviation accidents occur because of pilots not obtaining ANYweather brief prior to flight. During this event we will discuss some tips for Flight Instructors to ensure their students properly learn weather essentials and also some new tools available to make weather briefs better. Learn how other CFIs train their students to avoid surprises. Click the link below and register TODAY.

**Directions:** From Hwy 52 North, take the Liberty Street Exit 111A. Follow the signs for the Smith Reynolds Airport. From Hwy 52 South, take the Akron Drive exit. Turn left on Akron Drive, then right on North Liberty Street. The old airport terminal is on the east side of Liberty Street. Seminar held in the Old Smith Reynolds Terminal Building. Look for seminar signs on North Liberty Street airport entrance.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
