

MayDay 101: Surviving In-Flight Emergencies

Don't miss this opportunity to sharpen your aviation knowledge and skill! This event will feature techniques and strategies to cope with in-flight emergencies. Your presenter will review successes and failures of pilots who experienced in-flight system failures, how they handled them, and what you should do when the unexpected happens. This seminar will review aircraft system functions and educate pilots on common accident causal factors. Click the link below and register TODAY.

Directions: Wings of Carolina Flying Club

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
