Dear Inspection Authorization Holder:

You are invited to attend the 2016 IA Training Programs sponsored together by the Greensboro Flight Standards District Office and the Greensboro FAASTeam. These training programs are generously hosted by the **Randolph Community College in Asheboro and Aero Contractors Ltd in Smithfield.**

Due to the unexpected weather events and cancellations experienced back in March, this office will be holding the IA training seminars in early November this year. This will replace the IA refresher training normally scheduled for March 2016.

There will be two (2) IA Refresher Training Seminars offered in November 2015. Please see the back for details. These 2016 programs, held early next month in November, will be held as “REFRESHER TRAINING ONLY” **for the IA period of 4/1/2015-3/31/2016. 2016 is not a renewal year!**

Individual Training Certificates **WILL** be issued at the end of each meeting. Please retain your completed training certificates for your records and submit with your 2017 IA renewal package. You may attend one of the IA refresher trainings or complete any FAA-accepted course online.

Keep in mind attendance “alone” may not satisfy all of the requirements for the IA renewals. The IA renewal applicant must continue to meet the requirements as stated in FAR 65.91 and 65.93 for each IA period. We would like to remind you that your current IA privileges will expire at the next renewal date on March 31, 2017.

We look forward to seeing you at the November IA Refresher Training.
Please contact this office at 336-369-3900 should you need additional assistance.
