

FAASTeam presents:

Meet the Seymour Johnson Air Traffic Controllers.

Enjoy a pancake and sausage breakfast cookout given by your local Seymour Johnson Air Force Base Air Traffic Controllers. Immediately following attend a question and answer session between the controllers and pilots about any and everything related to flying in the airspace controlled by Seymour Johnson AFB. Attendees will have an opportunity to meet Col Solcum Commander 4th TFW. At the conclusion of the forum Seymour Johnson Officials are hoping that pilots will volunteer their time and aircraft to fly a controller so that they may experience firsthand some of the issues confronting pilots when operating in the vicinity of the air force base and military operations areas. Don't miss this exclusive event. Click on the link below and register TODAY.

Directions: Goldsboro Wayne Executive Jetport KGWW airport.

Meeting will be in the Maintenance hangar which faces flight line and to the right of the FBO office.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
