

Flight In the Danger Zone: Non Towered Airport Operations

Operations at non-towered airports can be a high-risk mixing bowl of jets, turbo-props, single engine trainers, and light sport aircraft. Communications are optional. Learn what you can do to improve your safety and others in the pattern with you. This presentation has been performed in numerous locations with much success. Register Today; Seating is limited!

Directions: Please see map link. Seminar will be held in the airport terminal building.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
