

GSO FAASTeam presents:

# **FAASTeam Flight Instructor Open Forum - Open to ALL Pilots**

At this CFI Open Forum, we will discuss Teaching with Tablet Technology. The purpose of this Flight Instructor Open Forum is to stimulate discussion regarding EFB (Electronic Flight Bag), which is any electronic tablet, phone or other capable of providing current aeronautical charts, moving maps, flight planning, weather or traffic displays. We will discuss the best practices in teaching with reference to tablet computer hardware and software. Do not miss this opportunity to discuss the methods, techniques, and challenges involved with using tablet technology on the flight deck. In addition, we will review new procedural requirements for the issuance of a Student Pilot Certificate. Flight Instructors, Ground instructors, Designated Pilot Examiners, and instructors in training are welcome and encouraged to attend. Click the link below and register TODAY.
